Openings are available at nearly all of the locations in the Village and Farmstead. We are seeking individuals with a passion for our mission to preserve, to educate and to entertain visitors to the Village complex. An equal number of positions are available in Visitor Services. In these positions volunteers become colleagues to the staff in support of virtually all operations necessary to keep an enterprise like Billie Creek Village open to the public.

Families, couples and individuals are encouraged to consider these very rewarding and important opportunities to serve your community.
